ANNUAL REPORTS

OF

HINSDALE. N. H.

1991

## DEDICATION

The Hinsdale Board of Selectmen are pleased to dedicate the 1991 Town Report to Patrolman David M. Whittle, Firefighter Brian Michaud and Citizen Richard Hood for their life saving efforts on August 6, 1991 when they all assisted in giving life support to young Trish Whittle when her vehicle struck the "old mill" on Main Street in downtown Hinsdale.

Trish is currently undergoing therapy and has been since the accident happened, but is showing improvement with each day that passes.

We would like to recognize their endless efforts as workers and citizens in our community and thank them again for a job well done.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen  
Town of Hinsdale, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Hinsdale, New Hampshire as of December 31, 1990 and for the year then ended. These general purpose financial statements are the responsibility of the Town officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Town officials, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included to conform with generally accepted accounting principles. The amount that should be included in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues of \$99,141 in the General Fund and \$396,565 in the Property Tax Agency Fund which were not received in cash within sixty days of year end as is required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the General Fund balance from \$78,124 to (\$417,582), would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the effect on the financial statements of the omission described in the third paragraph, the general purpose financial statements referred to above present fairly in all material respects the financial position of the Town of Hinsdale, New Hampshire as of December 31, 1990 and the results of operations and the cash flows of its proprietary and similar trust fund types for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Hinsdale, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

## HINSDALE PUBLIC LIBRARY ANNUAL REPORT - 1991

The Hinsdale Public Library has had a very busy and productive year. We are pleased to note that our circulation has increased by 1,814. The library is being used by more students this year doing research and studying. We encourage all students to feel free to come in and make use of the library facilities.

There has also been an increase in the number of patrons signed up as members and we welcome all those who are not a member to sign up. Below is a review of our library policies for those who are not acquainted with them:

Library membership is free to all residents of Hinsdale. Books are allowed out for a period of two weeks. Magazines are allowed out for a period of one week, current issues excluded. Issues of the Keene Sentinel and Brattleboro Reformer are kept for a period of one month for reference purposes and may be read on a daily basis in the library. The fee for overdue books is five cents per business day. It is the responsibility of the borrower to return the books on the due date. Because it is not always possible to finish the books by a certain time we will gladly renew books by phone for the convenience of all. Parents are responsible for books checked out by youths under 14 years of age. We appreciate books being returned in the same condition as borrowed.

We are a member of the New Hampshire State Library Assoc. and have access to loans from other libraries. If you do not see a book on our shelves that you would like please feel free to request it and we will do all we can to obtain it for you.

This summer the library sponsored a summer reading program based on the theme "Some Enchanted Reading", which was a statewide program sponsored by the Children's Librarians of New Hampshire and funded by the First New Hampshire Bank. Twenty-six youths participated and we concluded the program with a combination party and ceremony during which certificates were handed out. The children were absolutely enjoyable and so enthusiastic that they deserve more praise than I can say. We look forward to another successful reading program in 1992.

## HINSDALE PUBLIC LIBRARY ANNUAL REPORT-1991 CONT.

In October the Trustees of the library and I, attended the New Hampshire State Library Conference in Concord. It was an all day seminar and we were highly enlightened by the speakers and the workshops we attended. As time permits we will be implementing some of the ideas.

I have also joined a New Hampshire State Librarians Coop in which librarians meet on a monthly basis at different libraries and we address the concerns of our role as librarians. Programs are sponsored and also group discussion that are of a benefit to all of us.

In 1992 we will be conforming to a numbering system that has been mandated by the Federal Government, it is a "Confidentiality Act", and all patrons will be issued a number and we will no longer be noting names on cards belonging to books taken out. There is a copy of the ruling on file if anyone has any questions and would like to read it. We will announce the time to re-register when we have completed what is necessary on our end to make this possible.

There will also be some physical changes in the library that will enable us to utilize our limited space to the advantage of everyone. It is our concern that the Hinsdale Public Library function to the best of its ability to serve the needs of our members.

The library holds a monthly meeting the second Tuesday of each month and is open to the public. The meeting starts at 7:00 p.m.

Respectfully submitted,

Frances Hall-Waclawik

## REPORT OF HINSDALE'S CONSERVATION COMMISSION

This year Hinsdale's Conservation Commission established a three phase Memorial program toward planting shade trees as well as flowering shrubs and evergreens in Heritage Park. A Crimson King maple has been donated by Kathy Newman Dowd in remembrance of her father.

The Conservation Commission sponsored Kate Rudnicki to attend the Society for the Protection of New Hampshire Forests' Youth Conservation Camp. Her going to camp was made possible by donations from the Lions, the Parents, Teachers, and Students Association, and Hinsdale's Veterans of Foreign wars.

The Conservation Commission is actively active in the Connecticut River Bridge for Tomorrow project. Currently the Connecticut River is being nominated to be included in the New Hampshire River Management and Protection Program.

The Conservation Commission has begun work toward beautifying downtown. With volunteers much brush was cut and removed this summer. The Commission also made contact with the non-profit Hinsdale Commercial & Industrial Development Corporation toward working with them on parking areas, Ashuelot River shoreline, and other exterior areas as the former Erving Paper Mill goes through changes.

The Conservation Commission assisted in local problems brought to its attention including: erosion caused by Ashuelot River flooding: strong odor from a paper mill in Winchester, NH and direct pollution into the Ashuelot River.

Respectfully submitted.

Chairperson

## POLICE DEPARTMENT ANNUAL REPORT

It seems like only a short time ago that I experienced writing my first annual report to the town. Now I am in my fourth year as police chief for the town of Hinsdale. I would like to say that we have just experienced our busiest year in the history of the department. Our case load is up considerably. This however, is not surprising, due to the economic times we live in. As the economy worsens, crime increases.

I would like to thank the citizens for helping our job become easier due to the fact that more people are reporting incidents of a suspicious nature. This is a big help to us since our case load took a dramatic rise, yet no new personnel have been added to the department.

There have been many changes that happened in Hinsdale during 1991. As our surroundings change, we must change. There is much talk of businesses coming to the area. This will be a big change for the community.

We had an exciting year by having visiting police officers from the Republic of Estonia. These two officers visited us on a couple of occasions, then went through the NH Police Academy basic course of ten weeks.

Also at this ten week basic course, Sgt. John Dudek was there as a training assistant. This training proved to be very valuable to Sgt. Dudek and was an experience of a lifetime for him.

We are small by comparison to other towns yet equal in size to many, yet we continue to be one of the busiest police departments in Cheshire County. I believe our quality of service to the people is nothing short of superior. We still do many tasks such as unlocking cars where people have mistakenly locked their keys inside, saving them many dollars from have to get a locksmith. We still do escorts and do not charge for them, as many departments do charge. We answer alarms that go off by mistake and do not charge for them.

All of these services come about from dedicated police officers who I would like to list for you at this time.

John Dudek	Sergeant full time
David Whittle	Patrolman full time
William Cole	Patrolman full time
Ruth Boemig	Disp/Sec. full time

This payroll does not include the amounts that already have been paid out to the members for brush fires that the State contributes towards.

Michael Fournier, Clerk  
Hinsdale Fire Department

STATE OF NH DEPT. OF RESOURCES & ECONOMIC DEV.  
Division of Forests & Lands

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to the increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the NH Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the NH Forest Fire Service, to keep their skills level and knowledge of forest fire laws up to date.

The local Warden and Deputy Wardens are also responsible for issuing burn permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert Nelson, Chief Forest Protection  
Robert J. Johnson, Municipal Forest Fire Warden

REPORT OF THE WELFARE DIRECTOR  
December 31, 1991

Every New Hampshire Community is struggling to meet its obligation under the general assistance statute which requires towns and cities to "relieve and maintain" its needy.

The slumping economy and the overburdened state welfare system are two of the reasons why more people are requiring services from local government.

Several recipients participated in the work-fare program as set forth in RSA 165:31. Under this program the town can be repaid for the assistance given. At the same time, a sense of pride and satisfaction for a job well done is realized by those who participate.

The total number of hours worked in 1991 was 378, which gave the town a pay back of \$2,649.50

Respectfully submitted,

Allene Bonnett  
Welfare Director
